# ANQA FLUSH BOXES

Fire-resistant, durable enclosures with self-extinguishing properties

[www.anqa.com.sa](http://www.anqa.com.sa) [@anqa\\_com\\_sa](https://www.instagram.com/anqa_com_sa) [@anqa.com.sa](https://www.facebook.com/anqa.com.sa)

## PRODUCT DESCRIPTION

The **Anqa Flush Boxes** are engineered for electrical installations requiring durability and compliance with international safety standards. They are constructed from high-impact orange polystyrene, ensuring strength and performance in demanding environments.

The spare lids are designed for enhanced protection, manufactured from high-impact polycarbonate, providing reliable coverage and safeguarding electrical components.

## KEY FEATURES

- **Flame Resistance:** Self-extinguishing properties enhance fire safety.
- **High Impact Resistance:** Durable polystyrene and polycarbonate construction for long-lasting performance.
- **Standards Compliance:** Meets IEC and UL regulations for safe electrical installations.
- **Protective Spare Lids:** Designed with IP XX9 rating for reliable environmental protection.

## USAGE & INSTALLATION

- Ensure compatibility with electrical fittings before installation.
- Secure flush boxes in position using appropriate mounting methods.
- Attach spare lids firmly to provide additional protection.

## AVAILABLE SIZES
